

Directions to NCSS South County Office

These are the directions to Jeff Brusini's South Kingstown office (23 North Road, Peace Dale). You should plan on about 2½-3 hours for the assessment (with some breaks built in).

From the North (via 95 or routes 4/1)

- 95 South to Exit 9 (Route 4 split)
- Route 4 south turns into Route 1 south
- Stay on Route 1. You'll come to a major intersection (1 and Rt 138). Proceed through that intersection.
- About 3.8 miles after that intersection, you'll see an exit for Wakefield on your right. Take the exit.
- Take a right off the exit on to Old Tower Hill Road.
- Travel to the first major intersection (you'll see bank of America on your right, CVS across the road on the right and Starbucks across the road on your left). Bear right at the intersection.
- You're now on Route 108.
- In less than a mile, you'll come upon a big stone library on your right and a stone building on your left next to a playground. Bear right immediately after the library.
- Very shortly after that, you'll see a sign on your right that says "The Lily Pads Building."
- Take a right into the driveway directly after the Lily Pads building.
- My office is in building A. Big peach-colored mansion. You can wait in the 1st floor waiting area (on your left as you enter) and I will come down to get you.
